CORDLESS TOOLS

18 V CORDLESS DRILL/DRIVERS

Multispeed

4 speed (ASCM) or 2 speed (ASB) allows optimal control of drilling speed for a range of diameters and materials.

Power

The powerful brushless 18V motor delivers performance to drill up to 25mm in steel, 50mm in wood and tap up to M12 in steel with ASCM 18.

QuickIn Interface

The QuickIn accessory interface allows quick change between applications. Optional accessories include; right angle head, tapping adaptors, holesaw adaptor, 1/4" hex drive and 1/2" socket drive.

4-Speed Cordless Drill/Driver

CORE DRILLS

"We run a steel fabrication business and have had the FEIN metal core drills for about a year now, mainly using them to drill 14mm and 22mm holes in structural steel. They're running everyday doing thousands of holes and haven't let us down. Very solid machines."

TYROLIT FLAP DISCS

Exceptional Performance at a Great Price

Comfort

Less weight, less vibration and less noise makes Tyrolit Flap discs much more pleasant to use compared to grinding discs.

Long-life

You can expect considerably longer wheel life for Tyrolit flap discs compared to conventional grinding wheels.

Universal Use

The shape and structure of the flap discs allows use on both flat surfaces and along edges. Available in different grits, the high performance Zirconia-Alumina abrasive allows very fast material removal rate with coarser grits, and produces finer surface finish with fine grits.

Basic Flap Discs Zirconia 125mm Steel/Stainless Steel

available in a range of grits as follows:

Y34318369 | P40 Grit | Carton quantity: 10

Y34318370 | P60 Grit | Carton quantity: 10

Y34318391 | P80 Grit | Carton quantity: 10

COLD CUT SAWING

The Slugger 14" Metal Saw

MCCS 14-2 | 72905361230

The Slugger 14" Metal Saw is a high performance, durable solution for metal cutting.

- 1,800 W motor
- 356 mm (14" blade diameter)
- Bevel up to 45 degrees
- Includes Includes 14" Tungsten Carbide saw blade for mild steel

\$899

BONUS

WSG 1500W 125mm Compact Rat Tail Angle Grinder | 72219060060

*while stocks last

Valued at: \$399

when you purchase a Slugger Metal Cold Cut Saw.

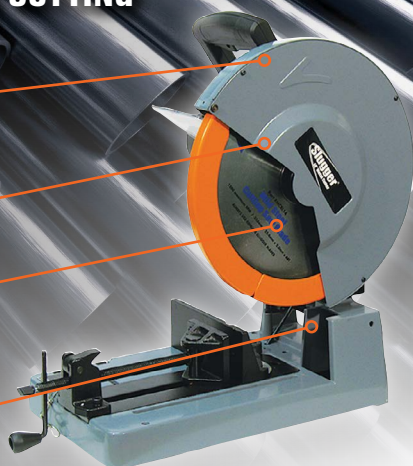

HIGH PERFORMANCE, DURABLE SOLUTION FOR METAL CUTTING

Powerful 1800W long life motor.
Low speed, high torque.

Double trigger safety start, spring loaded face guard and electric brake.

Performs quick clean cuts in steel, aluminum and other metal products.

Automatically retracting lower safety guard to collect virtually all chips and sparks and deliver a workable edge.

Cold cut saw blade produces much less sparking and has very low wear compared to abrasive cut-off wheels

SLUGGER SAW BLADES

Slugger metal saw blades are designed for fast and accurate cuts in mild and thin metal, aluminum, stainless steel.
