NEW

EDGE BEVELLERS

AVAILABLE MARCH 2021

CORDED BEVELLER

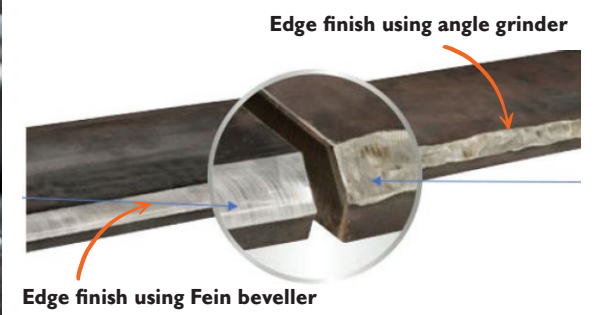

Milling cutter quick change system
For minimum interruptions and fewer operator errors.

Booster technology
30 - 80 % higher milling performance as well as significantly reduced vibrations and longer inserts life.

Spring technology (KFH 17-15 R only)
Cushioning of the rotational forces and thus increased work safety through low-vibration work.

Low-fatigue work
FEIN ErgoGrip: Unique, patent-pending ergonomic concept with two-hand operation for low-fatigue work.

Extensive user protection
With soft start, restart protection, blockage monitoring and electronic overload protection.

NEW

Beveler up to 8mm

KFH 17-8 R | 72381661000

Universal beveler with booster technology for perfectly preparing welded seams and preparing edges for subsequent coatings.

Power: 1700 w
RPM: 2,300 – 7,500

- 1 tool (without milling head, without guide roller, without indexable tips)
- 3 x clamping screws
- 1 x copper paste
- 1 x socket head wrench 5mm
- 1 x TX 15 Torx screwdriver
- Plastic carry case

\$2,899

NEW

Beveler up to 15mm

KFH 17-15 R | 72381861000

Universal beveler with booster and spring technology for perfectly preparing joint edges for welding.

Power: 1700 w
RPM: 2,300 – 7,500

- 1 tool (without milling head, without guide roller, without indexable tips)
- 6 x clamping screws
- 1 x copper paste
- 1 x socket head wrench 5mm
- 1 x TX 15 Torx screwdriver
- Plastic carry case

\$4,299

CORDLESS BEVELLER

Maximum work progress

FEIN HighPower Li-ion batteries have high-current capable cells with permanently high current output and 75% higher current intensity than Li-ion batteries.

Extensive user protection

With soft start, restart protection, blockage monitoring and electronic overload protection.

Brushless FEIN PowerDrive engine

Long durability and 30% higher efficiency than conventional motor with carbon brushes.

Low-fatigue work

The machine is very ergonomic due to a slim strapping dimension, light weight and compact design.

Versatile use

For the production of bevels and radii on flat materials, sheets and containers, inner and outer edges, contours and for rounding off drill holes.

NEW

Cordless Beveller up to 5mm

AKFH 18-5 | 71380161000

Powerful cordless beveller for perfectly preparing edges for subsequent coatings either in the workshop and on the construction site

Power: 18 V

RPM: 2,400 – 7,500

- 1 tool includes 45 milling head (without guide roller, without indexable tips)
- 3 x clamping screws
- 1 x copper paste
- 1 x socket head wrench 4mm
- 1 x TX 15 Torx screwdriver
- Plastic carry case

* Battery and charger not included
