COLD CUT SAWING

High performance, durable solution for metal cutting

Powerful 1800W long life motor.
Low speed, high torque.

Double trigger safety start,
spring loaded face guard and
electric brake.

Performs quick clean cuts in
steel, aluminum and other metal
products.

Automatically retracting
lower safety guard to
collect virtually all chips
and sparks and deliver a
workable edge.

Cold cut saw blade produces
much less sparking and has very
low wear compared to abrasive
cut-off wheels
